MEMORANDUM

DATE: June 28, 1999
TO: William Reed, II, MD
FROM: Sheldon S. Kabaker, MD, President
SUBJECT: Report on "2nd Intercontinental Meeting of Hair Research Societies"

Thank you for the report you submitted on the "2nd Intercontinental Meeting of Hair Research Societies," published in the latest issue of the *Hair Transplant 'Forum' International*. It was very well-written and a pleasure to read. I have forwarded a copy on to Merck. I think they will be pleased, as you subtly, but effectively, "pushed the right buttons."

It is always nice to see members contribute at a level such as this.
Thank you.
